About the Instructors

Ms. Lisa Ames is Director, Department of Entomology, University of Georgia Insect and Weed Diagnostics Laboratory. Ms. Ames supports pest management professionals, county extension agents, and homeowners by providing accurate identification of pest insects and weeds and, where appropriate, providing suggested control measures. She is co-author of several of UGA's publications on urban pests, including *Stored Product Pest in the Home* (bulletin #1378) and *Management of Pest Insects in and Around the Home* (bulletin #1412). She is an expert on Georgia spiders.

Ms. Nancy Collier is the Training and Outreach Coordinator for the Structural Pest Section of the Georgia Department of Agriculture, and is also a Structural Field Inspector in NW Georgia. Nan schedules training for the structural pest section and coordinates compliance assistance outreach to the pest control industry. She graduated from Berry College with a Bachelor of Science Degree in Animal Science/Agriculture, began her career with the Georgia Department of Agriculture in 2001, and is certified in the categories of Household Pest Control and Wood Destroying Organisms in the State of Georgia.

Mr. Kevin Hancock has been with the Georgia Department of Agriculture since 1998, and has worked as an Inspector. He received a B.A. in Biology from LaGrange College and a M.S. in Biology from Georgia Southern University. Kevin is certified in the categories of Wood Destroying Organisms and Household Pest Control in the state of Georgia.

Mr. Dennis Judy has more than 38 years of experience as a pest management professional. He has worked as a Technical and Training Manager for Orkin Exterminating, Centex Hometeam Services and Allgood Pest Solutions during that time. Dennis is a past-president of the GPCA and was inducted into the GPCA Hall of Fame in 2014. He was presented with the PCT Crown Leadership Award in 2016 at PestWorld. Dennis is the owner of Judy's Pest Services in Snellville, GA and provides consulting services to the pest management industry.

Dr. Daniel Suiter is Professor, Urban Pest Management Extension, Department of Entomology, University of Georgia in Griffin, GA. Dr. Suiter coordinates the training activities of the Structural Pest Control Training Center. Dr. Suiter provides support for the pest control industry in Georgia and the U.S. through his development of a comprehensive extension and research program on the biology and management of pest ants.
